

POWER CHEMICAL

MATERIAL SAFETY DATA SHEET (MSDS)

PRODUCT NAME SODIUM CHLORIDE

CAS 7647-14-5

DATA OF THE SUPPLIER

POWER CHEM

T +201022303691 -+201117366722

Hazard(s) Identification

GHS-US classification Not classified

GHS Label elements, including precautionary statements Not classified as a hazardous chemical.

Other hazards not contributing to the classification : None.

First aid measures

First-aid measures general : Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).

First-aid measures after inhalation : Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell. Allow victim to breathe fresh air. Allow the victim to rest.

First-aid measures after skin contact : Gently wash with plenty of soap and water.

Remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse. First-aid measures after eye contact : IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Rinse immediately with plenty of water.

POWER CHEMICAL

Obtain medical attention if pain, blinking or redness persists

Symptoms/effects : Not expected to present a significant hazard under anticipated conditions of normal use. Symptoms/effects after inhalation : Coughing.

Symptoms/effects after eye contact : May cause slight irritation.

Symptoms/effects after ingestion : Nausea. Symptoms/effects upon intravenous administration : Not available.

Chronic symptoms : Not available.

Firefighting measures

Suitable (and unsuitable) extinguishing media Suitable extinguishing media : Alcohol-resistant foam. Carbon dioxide. Dry powder.

Water spray. Foam. Sand.

Unsuitable extinguishing media : No unsuitable extinguishing media known.

Do not use a heavy water stream.

Specific hazards arising from the chemical Fire hazard : Not flammable.

Explosion hazard : Not available. Reactivity : None.

Special protective equipment and precautions for fire-fighters Firefighting instructions : Use water spray or fog for cooling exposed containers.

Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. Other information : Not available.

Accidental release measures

For non-emergency personnel Protective equipment : Safety glasses. Emergency procedures : Evacuate unnecessary personnel. 6.1.2. For emergency responders Protective equipment : Equip cleanup crew with proper protection. Emergency procedures : Ventilate area. 6.2. Environmental precautions Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters. 6.3. Methods and material for containment and cleaning up Methods for cleaning up : On land, sweep or shovel into suitable containers. Minimize generation of dust. Store away from other materials

POWER CHEMICAL

Do not release into surface water or sanitary sewer systems.

Violent exothermic reaction with some acids releasing harmful gases (carbon dioxide).

Handling and storage

Precautions for safe handling : Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Provide good ventilation in process area to prevent formation of vapor.

Conditions for safe storage, including any incompatibilities

Storage conditions : Keep container closed when not in use.

Incompatible products : Strong oxidizers. Strong acids. metals.

Incompatible materials : Sources of ignition. Direct sunlight.
