

**POWER CHEMICAL**

## MATERIAL SAFETY DATA SHEET (MSDS)

PRODUCT NAME            SODIUM ACETATE ANHYDROUS

CAS                            127-09-3

## DATA OF THE SUPPLIER

**POWER CHEM**

T +201022303691 -+201117366722

## Hazard(s) Identification

Not classified as a hazardous chemical. Other hazards not contributing to the classification : None.

## First aid measures

First-aid measures general : Never give anything by mouth to an unconscious person.

If you feel unwell, seek medical advice (show the label where possible). First-aid measures after inhalation : Allow affected person to breathe fresh air. Allow the victim to rest.

First-aid measures after skin contact : Remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse. First-aid measures after eye contact : Rinse immediately with plenty of water.

Obtain medical attention if pain, blinking or redness persists. First-aid measures after ingestion : Rinse mouth. Do NOT induce vomiting.

Obtain emergency medical attention. Take off immediately all contaminated clothing. If skin irritation occurs: Get medical advice/attention.

## POWER CHEMICAL

First-aid measures after eye contact : Rinse cautiously with water for several minutes.

### Firefighting measures

Suitable extinguishing media : Foam. Dry powder. Carbon dioxide. Water spray. Sand. Unsuitable extinguishing media : Do not use a heavy water stream.

Specific hazards arising from the chemical

Special protective equipment and precautions for fire-fighters Firefighting instructions : Use water spray or fog for cooling exposed containers.

Exercise caution when fighting any chemical fire.

Prevent fire-fighting water from entering environment.

Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection.

### Accidental release measures

6.1.1. For non-emergency personnel Protective equipment : Safety glasses. Emergency procedures : Evacuate unnecessary personnel.

. For emergency responders Protective equipment : Equip cleanup crew with proper protection. Emergency procedures : Ventilate area.

Environmental precautions Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters.

Methods and material for containment and cleaning up Methods for cleaning up : On land, sweep or shovel into suitable containers. Minimize generation of dust.

Store away from other materials.

Exposure controls and personal protection

### Handling and storage

Precautions for safe handling : Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Provide good ventilation in process area to prevent formation of vapor.

## POWER CHEMICAL

Conditions for safe storage, including any incompatibilities Storage conditions : Keep container closed when not in use.

Incompatible products : Strong bases. Strong acids. Strong oxidizers. Incompatible materials : Sources of ignition. Direct sunlight. Precautions for safe handling : No open flames. No smoking. Avoid breathing dust, mist, spray, vapours.
